

KEVIN.MURPHY BLONDE.ANGEL

Colour enhancing treatment
for blonde hair

Mango, Shea and Murumuru butters moisturise and soften, while colour enhancers refresh and repair brassy and yellowed blonde tones. For blonde or grey hair. Paraben free.

Directions: Apply to freshly washed hair, leave for 1 minute then rinse.

KEY INGREDIENTS

Sunflower Seed Extracts avoid the stripping of colour from the hair. These extracts act as a natural sunscreen that guard against colour fade and brassiness.

**Sunflower Seed
Extracts**

Hydrates, restores and repairs. A natural anti oxidant; it promotes shine and elasticity. It is rich in biotin, niacin, Vitamins A and E.

**Olive Oil
Extracts**

Lavender flower is a natural anti oxidant known for its moisturizing, cleansing and balancing qualities.

Lavender Flower

Penetrates deep into the follicle shaft to strengthen protein bonds and improve the follicle's flexibility and elasticity. This ensures that the hair is able to retain moisture by adding body and volume while reducing breaking and splitting.

Jojoba Seed Extract

Form a protective layer on the hair blocking evaporation, and promoting a long lasting silkiness. Rich in Vitamin E to help moisturize and smooth the hair while preventing dryness.

Brazil Nut Extracts

Contains EFA Essential Fatty Acids (EFA's) including the rare long chain Fatty Acids that are essential for maintaining healthy hair by promoting new hair growth. High in Vitamin E (essential for repairing hair cells) and Omega 3 antioxidants to stop the hair from further oxidization.

Linseed Oil
