- Soft natural texture
- 150mL / 8.45 Fl.oz

## Key Ingredients

A Hydrophilic moisturiser, Wheat amino acids increase the hair's ability to retain moisture and impart shine and gloss to damaged and dull hair. Due to its low molecular weight, wheat amino acids easily penetrate the hair shaft and bind to hair's inner fibers.

**Wheat Amino Acids**

High molecular weight protein that adds shine and hair surface protection. A conditioning ingredient that provides ease of combing and smoothness to feel of hair. Provides control to the hair from application to completion of styling

**Hydrolysed Silk**
