Key features & benefits

Sulphate & Paraben free Smoothing
 Adds shine & moisture Creates silky feel pH 4.5 - 5.5

Key Ingredients

<p>Native to the Australian Northern Territory, this fruit has the highest concentration of natural Vitamin C of any known plant. Vitamin C stimulates production of Elastin and Collagen to help maintain hair's lustre and elasticity.</p>	<p>Kakadu Plum</p>
<p>An excellent emollient for adding moisture to the hair. It makes hair more resilient to tangles and helps avoid damage and split ends</p>	<p>Jjoba Esters</p>
<p>A stress manager for the hair with outstanding energizing properties to supply the cells with energy. Micro Algae makes the hair become more radiant and adds luminosity. It stimulates the energy of the cells deep into the cortex and basal layers of the scalp, improving the overall appearance and health of the hair, allowing it to hold onto themoisture.</p>	<p>Micro Algae</p>
<p>Delivers moisture to dry or damaged hair from the roots to the very tips, repairing and protecting against weather damage, dryness and brittleness. It also absorbs quickly and completely into the hair and scalp to rehydrate without clogging the cuticle. It is particularly beneficial for processed and heat-treated hair. It restores lustre to damaged hair.</p>	<p>Shea Butter</p>
<p>Biotin Vitamin B7 is found to be beneficial for hair growth and overall hair health. It strengthens both the hair follicles and the hair shaft.</p>	<p>Vitamin B7</p>
<p>A natural sunscreen for the hair, Sunflower Oil contains the antioxidant Omega 6 that helps to mop up the free radicals that cause damage to the hair. Sunflower Oil contains Tocopherals which are oil soluble antioxidants and Cinnamic Acid which is a natural UV protector.</p>	<p>Sunflower Oil</p>
<p>High in Omega 6. Hydrates and softens the hair. It contains Phospholipids that are hydrophilic, meaning they are moisture loving and are attracted to water. They suck the moisture from the air around you and draw it onto the hair.</p>	<p>Evening Primrose Oil</p>
