

KEVIN.MURPHY YOUNG.AGAIN

Immortelle infused treatment oil

YOUNG.AGAIN is a weightless leave-in treatment oil infused with immortelle to counteract the oxidization and ageing process. Straightening irons, blow dryers and colour start the oxidization process which damage the hair's cell structure and act like rust to decay the hair.

Immortelle, Bur Oil and Grape Seed extracts counteract and stop the onslaught of permanent damage by infusing the hair with nutrients and antioxidants. The result is nutrient rich, smoothly conditioned, weightless hair that feels YOUNG.AGAIN.

Key benefits
